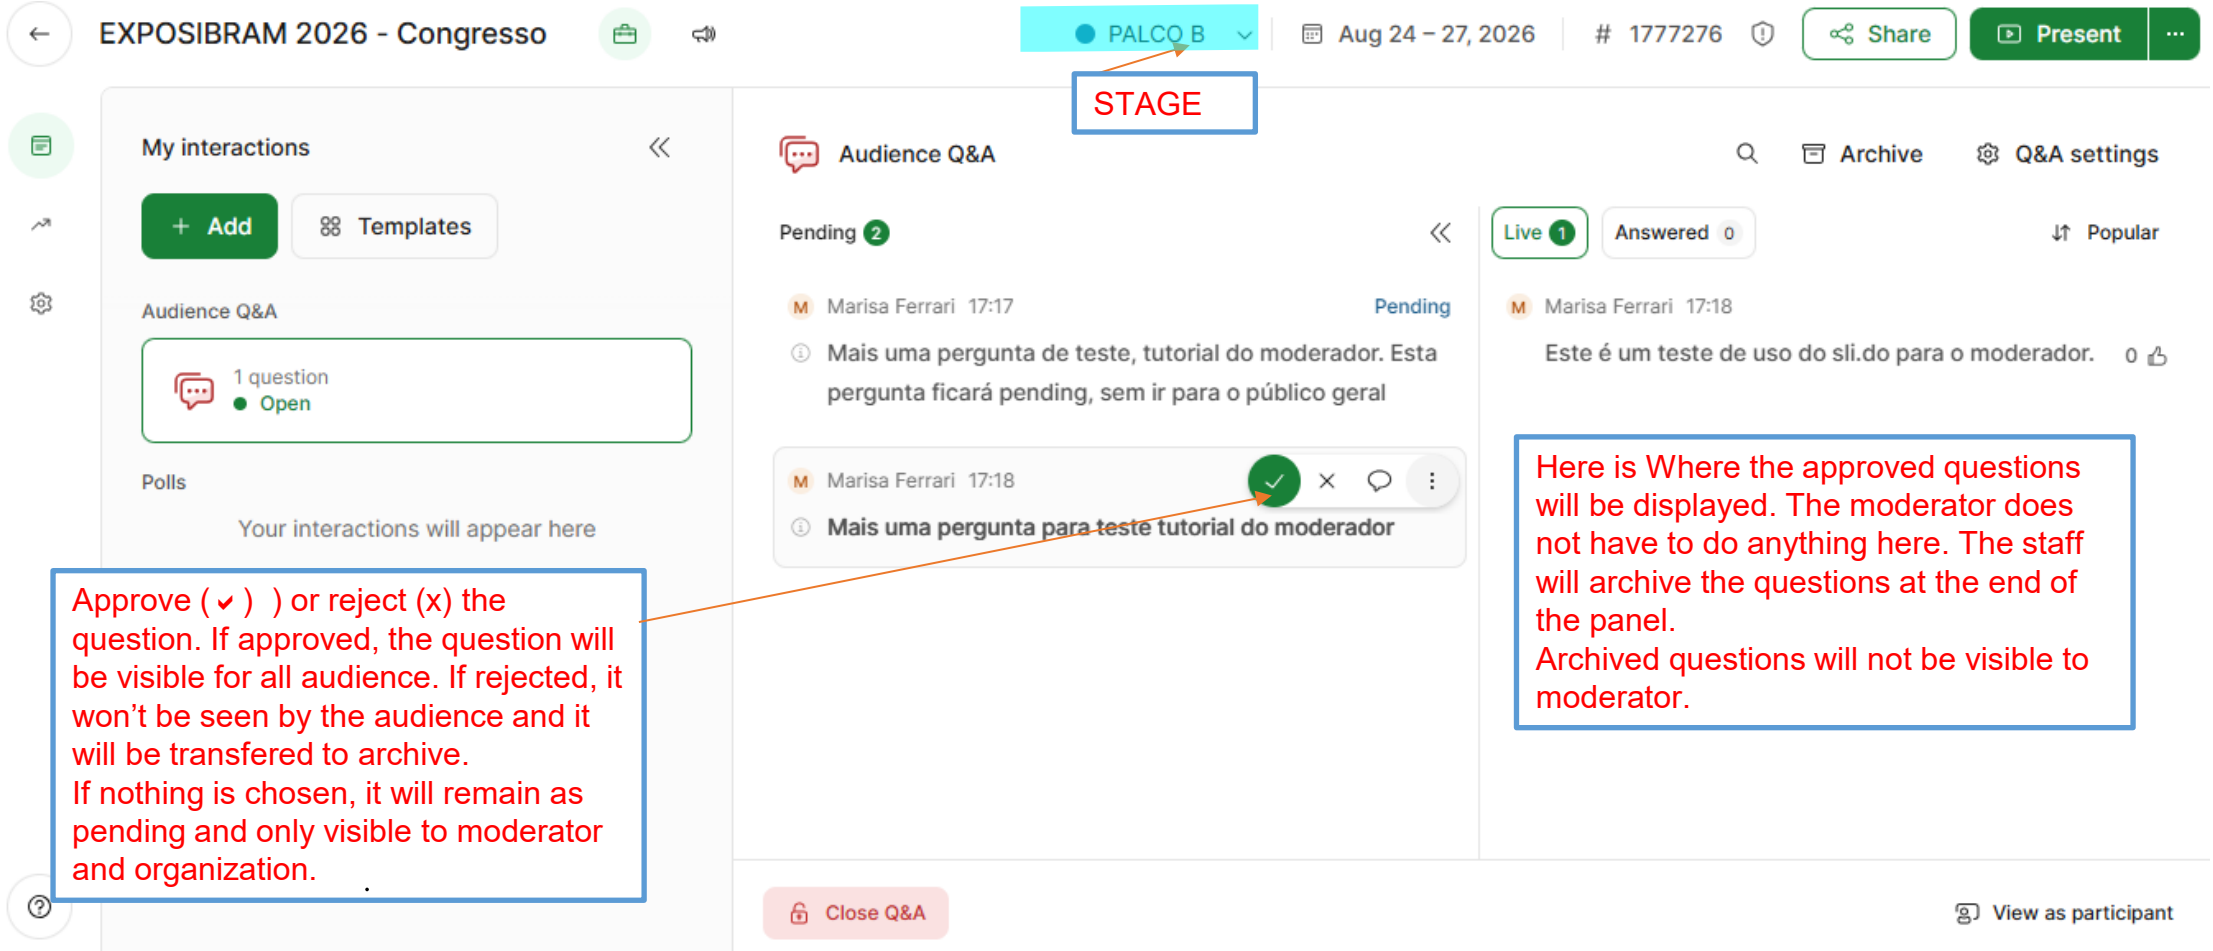
Brazilian Mining | *Expo & Congress*

Tutorial for the use of Sli.do tool Moderator during the part of the panel for the audience Q&A

SLIDO – Moderator

The tablet will be delivered to the moderator with the Sli.do page below, open, with the stage selected . Questions from the previous activity will be archived by the coordination, so that only the ones from the panel will appear.



Approve (✔)) or reject (x) the question. If approved, the question will be visible for all audience. If rejected, it won't be seen by the audience and it will be transfered to archive.
If nothing is chosen, it will remain as pending and only visible to moderator and organization.

Here is Where the approved questions will be displayed. The moderator does not have to do anything here. The staff will archive the questions at the end of the panel.
Archived questions will not be visible to moderator.
